Gary, I have made the corrections you requested to make equip hours match cbi and sub hours. Deducted the hacksaw and associated taxes as it is LVE. Added notes to specify items estimated in other field costs. Added note for zip ties. Leroy relayed the need to be very specific and detail each item. I will do my best to get what you need. Please note Leroy's hours for last Friday changed due to the fact that noon started a new time reporting week for cbi and I had not included those initially. The backup for those hours are not in this file, as the it dept is working on correcting a problem that is preventing me from printing timesheets for this week. It will be included in the finalized 1900-55
